Recommendation Letter for Mr. Mainul Islam Rayhan

It is with great enthusiasm that I recommend **Mr. Mainul Islam Rayhan** for admission to your master's program. I have had the privilege of teaching him in the Bachelor of Business Administration program in Management Information Systems (MIS) at Shahjalal University of Science and Technology (SUST), as well as supervising his research activities. Having observed his academic growth, technical aptitude, leadership qualities, and research capabilities, I am confident that he is well-prepared to excel in advanced study.

Mr. Rayhan consistently distinguished himself as one of the top students in his cohort. With a solid **CGPA of 3.58/4.00**, he demonstrated both academic diligence and the ability to master challenging concepts in data analytics, information systems, and applied quantitative methods. Beyond excelling in coursework, he impressed me most through his commendable initiative in strengthening his technical skills through globally recognized certifications, such as the **IBM Data Science Professional Certificate**. Further evidence is his commitment to building a strong foundation in technical skills, which will serve him well in advanced research and study. As his research supervisor, I closely guided Mr. Rayhan in his ongoing paper titled **"Addressing Sustainability through IoT and Big Data Analytics in Tertiary Industry: A Literature Review and Bibliometric Analysis to Explore Future Avenues."** This work reflects not only his keen interest in sustainability and emerging technologies, but also his ability to conduct systematic reviews, apply bibliometric tools, and identify meaningful research gaps. His commitment, independence, and attention to detail during the research process reaffirmed my belief that he possesses the qualities necessary for impactful graduate-level scholarship.

Beyond academics, Mr. Rayhan brings with him remarkable leadership and teamwork skills. As **Captain of the SUST Badminton Team**, he successfully led the university to the semi-finals of the Inter-University Tournament, balancing athletic leadership with academic commitments. He also served as a **Campus Ambassador for the Ministry of Youth & Sports of Bangladesh**, where he demonstrated organizational and interpersonal skills in managing events and liaising with institutional authorities. These experiences highlight his ability to lead, collaborate, and thrive in diverse environments.

I wholeheartedly endorse his application and strongly recommend him for admission.

Sincerely,

Dr. Mohammad Mizenur Rahaman

Professor

Department of Business Administration

Shahjalal University of Science and Technology, Sylhet-3100, Bangladesh
